### **H.B. Stubbs Companies Expands Into Pacific Northwest**

WARREN, Mich. – October 18, 2007 – H.B. Stubbs Companies is continuing to build on its solid record of growth and today announced that it has expanded its geographic presence with the opening of two new offices in the Pacific Northwest.

With its new offices in Portland and Seattle, H.B. Stubbs Companies, a solution provider of exhibit and event marketing solutions will provide its west-coast client base a higher level of service and support.

“We are delighted to have recruited such a highly qualified team of exhibit and event marketing professionals through our new offices in Portland and Seattle,” said Scott Stubbs, president and CEO, H.B. Stubbs Companies. “Our expansion into the Pacific Northwest and the addition of this team and their tremendous industry experience only reinforces our commitment of offering the best talent and expertise possible to our clients.”

In Portland, David Hancock will lead the Interpretive Exhibits team, enriching H.B. Stubbs Environments Exhibits Group experience and capabilities. David and his team will focus on new business development and management of fabrication and design/build projects within the interpretive and museum exhibit market. Joining David are Scott Smoot, Account Executive; David Platt, Interpretive Project Manager and Jeff Thoennes, Project Manager.

- more -

Some of the clients serviced out of the Portland office include: the U.S. Fish and Wildlife Service; State of California; Port of Kalama, Washington, City of Tigard, Oregon and the City of Multnomah (Ore.) Falls.

In Seattle, Byrne “Sparky” Sanford was named Senior Account Executive. Sparky’s responsibilities include primary contact and assistance to new and existing clients, managing budgets, and creating solutions to meet show needs. Christine Mason, Senior Account Manager; Kelly Wyatt, Account Manager and Candi Baranski, Account Executive have joined Sparky in the Seattle office.

Clients such as Microsoft, Avid Technologies, Smiths Medical and Hubble Lighting will be handled out of the Seattle office.
